[#]Pharmacy Medicine. Always read the label. Use only as directed. If symptoms persist, see your healthcare professional * Available in Australia only.

MALE SKIN. IT'S DIFFERENT. ^

For too long anti-acne products have been treating male and female skin with the same formulations. OXY however is an advanced anti-acne skincare range engineered just for guys. It helps to combat problems associated with teenage male skin, with targeted action on pimples, blackheads and excess oil.

Male skin is thicker ^

Male hormones act on the healing process ^

Male skin produces more oil (sebum) ^

Males have more acidic (lower pH) skin ^

^ Gender differences in skin. Dao H Jr, Kazin RA, John Hopkins Medical Institutions, Baltimore, USA

* Independent consumer trials.

NEW ANTI-ACNE
SHAVING RANGE INSIDE*

OXY

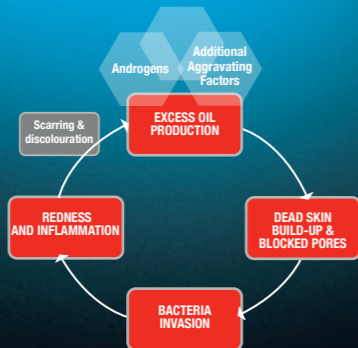

Engineered for Male Skin

WWW.OXY.COM.AU

*Available in Australia Only

PROBLEM

THE ACNE CYCLE.

- Acne is a chronic disorder of the pores and sebaceous glands
- Acne is characterised by blackheads, pimple outbreaks, cysts, infected abscesses, and (sometimes) scarring
- The main trigger for acne is puberty
- Acne lesions then develop via 4 key stages

*Daily Wash, Anti-Spot Balm, Daily Face Wipes, Maximum Face Scrub, Zit Blitz Pads as a notation to bottom of page.

OXY SOLUTION

NEW SOLUTION.

- New from OXY, a unique 4-way action to break the acne cycle.
1. OXY reduces excess oil
 2. OXY removes dead skin cells (and helps unblock pores)
 3. OXY removes bacteria
 4. OXY reduces redness

BREAKTHROUGH INGREDIENTS

OXY's unique formulations contain breakthrough ingredients to combat spots effectively.

Phycosaccharide ACP*
Derived from a natural marine plant extract and Zinc Sulfate.

- Controls oil production
- Removes and clears bacteria
- Reduces redness

CellActive-Men™
An essential cell-boost factor with taurine and ginseng

- Accelerates healing of the skin
- Increases skin's resistance to cold shock and heat stress
- Provides long lasting hydration for up to 24 hours[†]

AquaCacteen[‡]
Highly effective moisturising and soothing ingredient containing essential extracts of the Opuntia Streptacantha Cactus (Prickly Pear)

- Rich in amino acids and vitamins
- Calms, soothes and hydrates irritated skin

*Daily Wash, Anti-Spot Balm, Daily Face Wipes, Maximum Face Scrub, Zit Blitz Pads, Shaving Gel, Post Shave Balm †Shaving Gel, Post Shave Balm ‡Shaving Gel †Independent consumer trials.

SHAVING PROBLEM

Shaving over inflamed areas on the face can break the skin and cause

- Bleeding
- Scarring
- Razor burns
- Ingrown hairs may develop

NEW OXY TECHNIQUE

The NEW OXY Spot Defence Shaving Range makes shaving easier for males.

- Wash the face with OXY Daily Face Wash or OXY Maximum Face Scrub
- Apply OXY Spot Defence Shave Gel while skin is wet
- Shave with slow, smooth strokes in the direction of hair growth. Keep face as wet as possible without rinsing gel off
- Leave tricky bits around mouth and chin until the end allowing hair longer to soften. Add more gel and water at this stage to ensure skin is well lubricated
- Rinse face
- Use OXY Spot Defence Post Shave Balm to calm and hydrate the skin

OXY

Engineered for Male Skin

OXY has a 4-way action that is uniquely designed to tackle pimples, blackheads and oily skin.

- Removes dead skin
- Removes bacteria
- Removes excess oil
- Reduces redness
